Welcome Message

Dear Esteemed Participants,

On behalf of the organizing committee, it is with great pleasure that I extend a warm welcome to you all to the **RoboGynIndia 2024** conference, the **third annual conference of the Association of Gynaecological Robotic Surgeons of India**, where we unite with the theme of '**Unveiling New Frontiers: Advancing Robotic Surgery**'.

It is an honor to host a distinguished gathering of international and national faculty in robotic surgery within gynaecology and gynae oncology. Your expertise and insights will undoubtedly enrich our discussions and inspire innovative advancements in the field.

As we delve into our theme, we've curated special sessions tailored for both aspiring practitioners venturing into robotic surgery and beginners encountering challenges in expanding their programs. These sessions with the aim of bringing together, share best practices, and foster mentorship to nurture the next generation of robotic surgeons of India.

Moreover, amidst celebrating progress, we must address the reality of complications in robotic surgery and challenges in management of these complications.

In addition, we announce introducing special session for Robotic Nursing, designed to enhance the knowledge and expertise of nursing professionals, with a dedicated focus on handling robotic technical challenges.

I extend my warmest wishes for a productive and enjoyable experience. I wish you a pleasant stay in Gurugram. Where the vibrancy of culture and innovation awaits.

Thank you for joining us on this transformative journey.

Warm regards,
